COMPANY OVERVIEW

Officium Mentale LLC is a veteran-owned behavioral-health education and program management firm. We deliver an evidence-informed behavioral-health education and resilience curriculum built around structured questioning, and provide program management, coordination, and support services for behavioral health, family support, and veteran services contracts. We are not a clinical service provider: we educate, manage programs, coordinate independently licensed clinical partners, and handle the reporting and logistics that keep contracts running smoothly.

CORE COMPETENCIES

- Evidence-informed behavioral-health education & resilience curriculum
- Behavioral health program coordination and management
- Clinical partner network development and oversight
- Suicide prevention outreach and training program management
- Family and youth support program design and coordination
- EFMP-adjacent family support coordination

PUBLIC-SECTOR POSITIONING

Evidence-informed behavioral-health education and resilience curriculum

Population-specific versions adapt scenarios, exercises, facilitator guidance, and implementation materials for each audience while preserving the core method.

Populations served: Veterans · Corrections · Youth · Families · First responders · Other public-sector audiences

THE OFFICIUM MENTALE INVESTIGATION METHOD

Notice	<i>Core Question</i>	Separate the experience from the story the mind may have added.
Explore	<i>Deeper Question</i>	Examine assumptions, emotions, patterns, protective responses, needs, values, and meanings.
Connect	<i>Therapeutic Bridge</i>	Turn discoveries into informed questions for a qualified mental-health provider.
